DETAILED ACTION

Specification

The title of the invention is not descriptive. A new title is required that is clearly indicative of the invention to which the claims are directed.

The disclosure should be carefully reviewed to ensure that any and all grammatical, idiomatic, and spelling or other minor errors are corrected.

Claim Objections

Claims 1-11 are objected to because of the following informalities: the spelling of --fourth-- is misspelled as "forth." The claims are not idiomatic sound. Parentheses not used to denote mathematical variables are not allowed. Appropriate correction is required.

Oath/Declaration

The oath or declaration is defective. A new oath or declaration in compliance with 37 CFR 1.67(a) identifying this application by its application number and filing date is required. See MPEP §§ 602.01 and 602.02.

The oath or declaration is defective because:

(1) It does not identify the mailing address of each inventor. A mailing address is an address at which an inventor customarily receives his or her mail and may be either a home or business address. The mailing address should include the ZIP Code designation. The mailing address may be provided in an application data

sheet or a supplemental oath or declaration. See 37 CFR 1.63(c) and 37 CFR 1.76.

(2) It does not identify the city and either state or foreign country of residence of each inventor. The residence information may be provided on either an application data sheet or supplemental oath or declaration.

(2) It does not identify the citizenship of each inventor.

(3) It is not dated.

Conclusion

This application is in condition for allowance except for the above formal matters.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
